(GB) Thank you for choosing this ABUS product!

Please read these instructions carefully before assembly and use. Keep them and provide all users with instruction on how to use the product.

The product may only be used for its intended purpose. Any modification to the product is prohibited.

Keep packaging material away from children: Danger of suffocation!

To set up your EVEROX One for the first time, you will need a Bluetooth®-enabled smartphone (Bluetooth 4.0 LE or higher), a currently supported iOS (13.0 or higher) or Android (8.0 or higher) software version and the free ABUS One app for iOS or Android. QR-Codes for download see page 19.

The contents of this installation and operating manual reflect the current status at the time of printing. The printed manual may be outdated at the time of the product's entry into service due to updates and further developments.
We therefore ask you to visit our website **www.abus.com** and enter „**EVEROX One**" into the search bar. You'll always find the current and complete version of the installation and operating instructions on the product page under the „**Downloads**" column.

Warnings and safety instructions

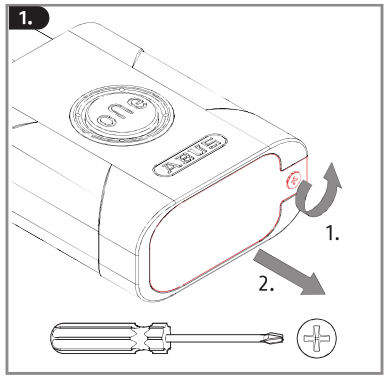
Please read and observe these safety instructions. Non-observance of these instructions could lead to fire, injury to persons and/or device damage!

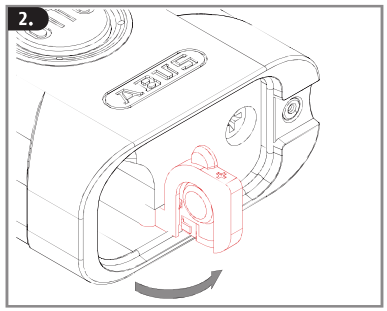
Symbol	Signal word	Remark
	Caution	Security note indicating a risk of injury or health hazards. Failure to observe these warnings can lead to injury.
	Attention	Warning about possible damage to the device. Failure to observe these warnings can lead to material damage or malfunctions.
	Notice	Informative note

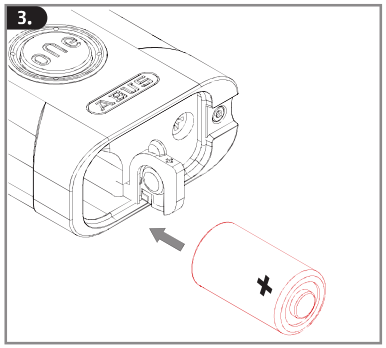
Caution

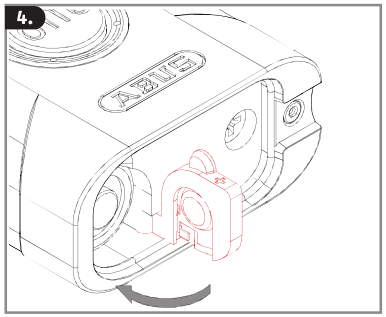
- This product contains a 3 V lithium battery (CR2).
- Keep batteries out of the reach of children. Children may put batteries in their mouths and swallow them. This can cause serious harm to their health. Seek immediate medical attention in this event!
- Batteries must be inserted with the correct polarity (+ and -).
- Empty batteries must be removed or replaced immediately.
- The battery terminals must not be short-circuited.
- Risk of burns from contact with leaking or damaged batteries! In these cases, use suitable protective gloves and clean the battery compartment with a dry cloth.
- Batteries must not be dismantled, punctured, damaged, short-circuited, heated, charged or thrown into an open fire (risk of explosion!).
- Do not use or store the product in areas where the temperature could reach below -10°C or above +50°C. Do not expose the product to direct sunlight for long periods of time!

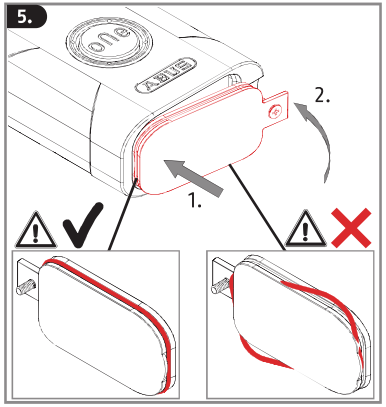
Insert or change battery

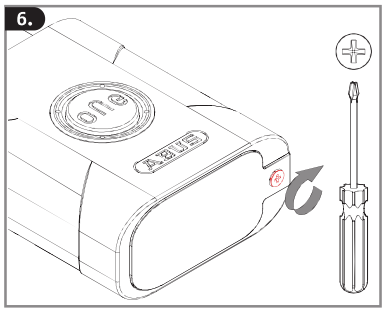












ABUS One App

iOS Android

- Download the ABUS One app and enable Bluetooth® on your smartphone.
- Start the app and follow the instructions in the app.
- Pay attention to the assignment of the different Keycards to the products, and always scan the correct Keycard.
- To program the EVEROX One, start by pressing the button „Add new ABUS lock“.
- **It is imperative to keep the ABUS Keycard in a safe place even after completing the setup.** The Keycard serves as proof of ownership for your EVEROX One. Do not give the card to third parties.

Cleaning and care

Clean the EVEROX One only with a damp cloth, do not use aggressive cleaning agents.

The full text of the UK declaration of conformity is available at the following internet address: docs.abus.com

Disposal
It is your responsibility to delete all stored personal data prior to disposal of the product. This product contains valuable raw materials. At the end of its service life, dispose of the

product in accordance with the applicable legal requirements.
Electrical appliances, rechargeable batteries and batteries must not be disposed of with household waste. Disposal must be carried out in accordance with Directive 2012/19/EU on waste electrical and electronic equipment (WEEE), or Directive 2006/66/EC on batteries and accumulators and waste batteries and accumulators. Batteries must be removed from electrical appliances and disposed of separately before disposal. Dispose of the packaging according to type. Separate the cardboard, foil and plastic elements for recycling. Please contact the local authority responsible for disposal if you have any queries. You can obtain information on collection points for your old appliances, for example, from the local municipal or city administration, the local waste disposal companies, or your specialist dealer.

Warranty
ABUS products are designed, manufactured and tested in accordance with applicable regulations with great care. The warranty exclusively covers faults that are caused by material or manufacturing defects. If a material or manufacturing defect can be proven, the product will be repaired or replaced at the discretion of the warrantor. In such cases, the warranty ends with the termination of the original warranty period. Any further claims are expressly excluded.
ABUS assumes no liability for defects or dama-
